# iCLEANER 120

## ROBOTIC POOL CLEANER

  
ICH Roboter Australia

### ***A Complete Cleaning Solution with Unbeatable Value!***

Specifically designed with the residential pool owner in mind, the 120 Series iCleaner transforms pool cleaning from a chore, to an activity even the kids will want to do. With the iCleaner in your pool, your family and friends can enjoy a cleaner, safer swim.

### ***Power and Precision***

The powerful twin drive motors give you exceptional maneuverability and climbing capability, and the dedicated water pump has a filtration rate of just under 300 liters per minute. Combine this with a 2 large intake gates, a high capacity filter bag and a systematic cleaning program, the iCleaner 120 will economically and efficiently clean your pool and improve the quality of your water. With the hand held, full function remote control, you can even "target clean" the pool just prior to jumping in.

### ***Value for Money***

If you are considering investing in a robotic pool cleaner, you deserve the whole package. All robots in the iCleaner range come standard with the Remote Control for target cleaning, twin drive motors, suitable for all pool shapes (even lap pools), and a dedicated water pump for outstanding climbing capability. The sponge wheels are suitable for all pool surfaces, and a caddy makes for easy transportation and storage. To top it off, the iCleaner comes with a floor only option for that "quick clean" when you need the pool in a hurry.

### ***DIY Servicing***

The savings don't end with the purchase price, the 120 is designed for DIY servicing. Using basic tools from your tool kit, order the parts on-line, and perform the maintenance yourself.

### ***Help and Support***

If you need help, it's only a phone call away. Your local agent has all the expertise required, and are backed by a team of specialist from ICH Roboter Australia.
